

Lifespan Retail Pharmacy Prescription Pick-ups

Effective immediately, due to continued efforts to prevent COVID-19 transmission and to protect Lifespan staff and patients, staff and visitors will not be permitted onto hospital campus to pick up prescriptions from Lifespan Pharmacy. Lifespan Pharmacy has measures to circumvent the need to pick up prescriptions in person from the hospital-based pharmacy locations.

1. There is now a **brand-new offsite location** at 180 Corliss St, Providence (401-606-8030). This site is open Monday through Friday from 7:30am to 6:00pm.
2. The other option is **free mail order** from Lifespan Pharmacy @RIH (401-444-4909).

For urgent matters, Lifespan Pharmacy at RIH (401-444-4909) and TMH (401-793-5500) will offer “curbside pickup.” **Please note Corliss St and mail order are highly preferred to this option**, and there may be delays with this process. For those who elect to use curbside pickup, please notify the pharmacy in advance. The pharmacy has the ability to process a credit card in advance of the pickup, and signatures for curbside are not required. A reminder that all employees on the Lifespan health plan and dependents can receive **copay discounts up to 50%** at Lifespan Pharmacy compared to other pharmacies.
